Provided me with the knowledge and extra skills that have taken me to outside my comfort zone. I have grown through this workshop and I believe through this growth I am more competent than the previous version of myself.

Great sharing of creative ideas.  
Useful reframing of perspective  
which helps in dealing with  
various aspects of the business.

My experience with Mary from day 1 has been profoundly positive. From the very first session, I encountered a number of “lightbulb” moments. The powerful catalyst effect on my team’s growth & results has been incredible. From both a business & a personal perspective, I strongly recommend Mary.

She is worth her weight in gold!

Significantly improved my awareness and knowledge of techniques that make me more productive and lead to a much healthier, balanced business and personal life.

Mary is one of the most supportive people I know - she has an amazing ability to see a positive in everything and will invite you to do similar. She challenges with a smile, but pushes hard enough to help you achieve results. A lot of fun to work with and very inspiring.
