

JENNIFER HARUDSAMY

Quality Assurance professional with hands-on experience in regulated laboratory environments. Strong foundation in SOP compliance, documentation accuracy, data integrity, and error prevention gained through clinical pathology operations. Familiar with GxP-aligned workflows, laboratory safety standards, and quality-controlled processes. Detail-oriented with a strong interest in transitioning into pharmaceutical roles.

TECHNICAL SKILLS

Sample preparation and analysis

SOP compliance and controlled documentation

Quality-controlled laboratory workflows

Data integrity, verification and traceability

Regulatory and safety compliance

LIS and instrumentation proficiency

ADDITIONAL SKILLS

Microsoft Office

GraphPad Prism

SPSS Statistics

EDUCATION

Bachelor of Science (Biomedical Sciences) (Hons)

The University of Nottingham

2018 - 2021

Second Upper Class

Foundation in Science

Manipal International University

2017 - 2018

CGPA: 3.87/4.00

WORK EXPERIENCE

Medical Laboratory Scientist

Innoquest Pathology Sdn Bhd

03/2022 - 01/2023

Johor Bahru, Johor

- Processed and handled patient specimens in a high-volume pathology laboratory while ensuring compliance with SOPs, laboratory safety standards, and regulatory requirements.
- Performed verification of patient information, test codes, and laboratory results prior to reporting to maintain data accuracy and integrity.
- Managed specimen accessioning, labeling, and traceability procedures to support accurate sample identification and workflow efficiency.
- Assisted in identifying and resolving discrepancies in laboratory records and test documentation before result release.
- Maintained accurate laboratory documentation, audit-ready records, and quality control logs in accordance with internal procedures.
- Conducted routine equipment checks and supported maintenance documentation to ensure operational reliability of laboratory instruments.
- Collaborated with laboratory personnel to support timely sample processing and reporting within established turnaround times.

Home Tutor

02/2023 - Present

Johor Bahru, Johor

- Conducted one-to-one tutoring sessions for students with structured lesson planning and progress tracking.
- Developed strong communication, organization, and time management skills through individualized teaching and scheduling responsibilities.
- Maintained consistent documentation of student performance and learning outcomes using organized tracking methods.
- Demonstrated adaptability, professionalism, and interpersonal skills while managing students and learning needs.

SOFT SKILLS

Attention to Detail

Technical Writing

Problem-Solving

Communication

Time Management

Internship - Medical Laboratory Technologist

Pantai Premier Pathology Sdn Bhd

06/2020 - 09/2020

Johor Bahru, Johor

- Gained hands-on exposure to regulated laboratory operations across Hematology, Biochemistry, Immunology, Microbiology, and Histology departments.
- Assisted with specimen processing, labeling, documentation, and sample traceability in compliance with laboratory protocols.
- Observed and supported quality-controlled testing workflows using automated laboratory analyzers and diagnostic equipment.
- Participated in result verification and documentation procedures to ensure reporting accuracy and adherence to laboratory standards.
- Supported organization of laboratory records and departmental documentation to maintain compliance with internal quality procedures.
- Developed foundational knowledge of laboratory safety practices, SOP compliance, and quality assurance processes within a clinical laboratory environment.

CERTIFICATIONS & TRAINING

- Laboratory Safety Training (2022)
- Urine Culture Training (2022)
- Biomedical Science Symposium Participation (2021)
- First Aid training (2018)
